The INTERVENTIONS3, artistic project dealing with public space took place in the city of Chișinău and its surroundings throughout August last year. The project gathered more than thirty participants from Moldova, Romania, Croatia, Germany and France who stayed in the city for a short term residency creating art works and reflecting over the processes producing Chisinau’s public space today, the city’s visual structure, the memory and experience of its inhabitants’ everyday life.

Their stay and the results of the project is documented in the catalogue, in two different issues of STATE of EMERGENCY magazine / Oberliht Supplement and a in the film that is going to be shown on this occasion.

The project consisted of several phases: city walks, artists’ projects, public presentations and discussions, Ghidighici GRAFFITI session and opening to the public of ARThotel – a space for artistic production and exchange. Leading Romanian artists visited Chisinau and created work exclusively for this occasion (Dan PERJOVSCHI, Vlad NANCĂ, Nicu ILFOVEANU etc.), some of which are still accessible to the visitors.

The project was also exploring sub-cultural urban practices (graffiti and street art, free cultural goods flux) as a form of resistance to overwhelming processes of commercialization of public space. As a side effect, throughout the city of Chișinău various examples of street art can be found.

UNAgaleria is an exhibition space of the National University of Art from Bucharest that serves as a contact point, place of information for students, professors, guests and partners. Its activities include organization of exhibitions, conferences, open workshops and round tables that promote the image of the university and the quality of the theoretic exercise and exhibition practice. Every year the gallery hosts about 20 Romanian and international art exhibitions, with theoretical debates and workshops. It gives equal attention to every artistic language – painting, sculpture, decorative arts, photography, video, installation, performance, etc, that are present in group manifestations, or personal exhibitions – an important accent is on interdisciplinary projects.
The annual program of the gallery is launched through projects related to University program schedule; the proposals come from students or professors from the university or from artist and curators that are invited.

STATE of EMERGENCY magazine aims to become an interactive space run by different creative groups relevant for Romanian culture. The project State of Emergency unites a big number of writers, artists, intellectuals, literary critics from Romania and Republic of Moldova, but also from other regions where the presence of an artistic and literary innovative culture is registered, in this way enabling the interaction between them by establishing direct contacts, encouraging cultural cooperation and exchange projects, identifying and promoting young talents, informing and forming new readers, promoting literature and art with a strong social focus.
Beginning with December 2007 Oberliht Association is editing the Oberliht supplement, a 4 pages A3 space dedicated to contemporary art and culture from Moldova, that appears together with State of Emergency magazine.

**The farm in Chidighici**
(Ghidighici village, Chișinău municipality)

In the village of Chidighici, a suburb of Chisinau, a wall of ex kolkhoz was to be covered with graffiti, blurring this way the limits between the urban and rural environments. What used to be communal agricultural good now became a place of joint action by a group of local and invited graffiti artists. The wall today represents an exhibition in open air and is possible to be visited in any time of the day.

**Chișinău circus**
(bd. Renașterii 33, Chișinău)

Chișinău circus will host the final presentation of the INTERVENTIONS3 project. Re-activated by an international group of artists involved throughout August and September 2008 in the realization of SYNAPSES project (http://www.project-synapses.eu), the municipal circus, after a pause of 5 years, becomes a platform used by different groups and organizations active in Chișinău.
